Capri Tour

The island of Capri is famous for its sea caves, and the Blue Grotto is undoubtedly the most well-known and visited. However, there are many other spectacular caves worth exploring.

You can rent a private boat with an experienced sailor who will take you on an exciting journey through the sea caves, telling you the history and legends related to these magical places. Our boats are privately owned, new and refurbished, and equipped with complete safety equipment to ensure maximum peace of mind during navigation.

Our tour of the sea caves of Capri includes not only the Blue Grotto, but also other equally famous caves such as the Green Grotto, the White Grotto, and the Faraglioni rocks. In addition, you can admire the beauty of the bay of Marina Piccola, a unique inlet with crystal clear waters and beautiful beaches.

With a private boat, you have the freedom to choose the caves you want to visit and explore them in the way you prefer, with the guidance and support of an experienced sailor. Our qualified staff is able to handle every situation in a professional manner and knows every corner of the island of Capri, to show you the most unique and fascinating places.

Safety is our top priority, and all our boats are equipped with complete safety equipment and the crew members are experts of the sea, able to handle every situation in a professional manner.
